WINE LIST

This wine list celebrates one of Australia's largest and most diverse geographical wine regions – the Adelaide Hills – known for its approachable, vibrant, cool climate wines.

Duncan Vent has curated this unique list for UKARIA Cultural Centre in alignment with our core values and beliefs to inspire and to be creative. Wines from Ngeringa Vineyards frame a diverse array of intriguing and affordable wines from smaller producers, offering a very special expression of the region's distinctive terroir.

As most of the wines on our list are from boutique producers, vintages are subject to change according to availability.
